

## **MALBIS SUNDAY 11AM - Words In Due Season**

### **Aaron**

I know from our talk, from the drive from the airport, that you're married to Jessika and you work in insurance. I know that. As I prayed for you, I heard that you are a kingdom carrier with an entrepreneurial snap in your makeup. When you enter a space, whether in business, family or church, you carry the kingdom with you. You're one of those guys I've been prophesying about. Dark corners are exposed to light when you walk in. The spiritual atmosphere shifts for the better. You express in multiple ways the goodness of God, and you take the focus off the problem and you discover solutions. Now listen, you mustn't divide your ministry into sacred or secular. There is no sacred secular divide in you. It's all sacred, inside church walls and up on Main Street. It's all about God's kingdom for you. You carry kingdom principles and kingdom truths that spread light and helps to find solutions. You're a good and faithful man. You're a kingdom carrier.

### **Jackson**

Jackson, I can see when I looked over at you, I kept seeing something. I didn't know what it was. I couldn't tell if it was a sound or if it's something visual. I said, Lord, what are you showing me? Then I wrote down, I can see that there's a call of God on your life, not for a traditional looking ministry, but a call to ministry, just the same. You're going to communicate the goodness of God on multiple platforms in different places and in different hidden places and spaces. A voice for your generation will grow in volume in 2024 and into 2025. Don't be afraid. You have thought words weren't your friends. God's going to put words in your mouth that's got

heaven in those words. Just listen to the Lord. Ask Him to lead you and He will. Main thing to remember about this morning is that there's a call on your life.

### **Michael**

Michael, I just looked at your checked shirt, and I couldn't get past looking at your checked shirt. I said "Lord, what are you saying?" Heard Him say it's a season to check off some things on your bucket list. I see you going on some adventures this year. You're not winding down. You're winding up. You've been a faithful man. And God brings favor and blessings to faithful sons and daughters. It's time to shake up your routine, look through fresh eyes of faith and be up for the grand adventure of following Jesus wholeheartedly. Wherever He leads, wherever it goes, just give Jesus your 'yes' and let Him take care of the rest.

### **Christy**

God brought you here today, Christy, to tell you it's not too late. You're not behind. You're in the right place and the right time. I see you having little visits from heaven in dreams. And as you worship, as you go to the place of prayer, God has been visiting you and that's going to continue for a season. I hear prayers being answered. I see hope rising in your heart to step out in faith into the new that God has for you. It's a new day. Be encouraged. Stay hopeful, be at peace. God is right on time. You can trust Him.

### **Josiah**

I heard this, Josiah. You're going to grow up to be a man of great influence. Not just for you, but for the glory of Jesus. You already influence your friends, often as a leader that they trust. You look around and guys are just

following you. Spend time in God's Book. I encourage you to read a chapter in Proverbs each day, and the Holy Spirit will use that book to help you be a strong follower of Jesus and later on, a man of wisdom and influence. Just start with reading Proverbs 1. Find an older person. It might be your parents, it might be someone older in the Lord, someone you trust to help you understand and apply it to your life. Now, listen, I'm not trying to freak you out or or puff you up, but I did hear this. There could be greatness in you if you'll follow Jesus with all your heart. He's got great things for you to do.
